Orthopedic & Sports Medicine Specialists recognized as one of America's Best Ambulatory Surgery Centers

OSMS included in Newsweek's top 550 ASCs 2024

GREEN BAY, Wis. (Nov. 21, 2023) — [Orthopedic & Sports Medicine Specialists \(OSMS\) - Orthopedic Surgery Center of Green Bay](#), the only ambulatory surgery center in the Green Bay area focused solely on orthopedic procedures, is proud to be recognized as one of [America's Best Ambulatory Surgery Centers 2024](#) by [Newsweek](#).

OSMS is one of nine Ambulatory Surgery Centers (ASC) in Wisconsin to have received this recognition and the only ASC in northeast Wisconsin.

"This recognition is a testament to the unwavering dedication and hard work of our team. Driven by the highest safety standards, our group of highly skilled and experienced healthcare professionals is committed to delivering top-notch medical care to all our patients," stated Amanda Sosnosky, administrator of Orthopedic Surgery Center of Green Bay and Orthopedic Surgery Center of the Fox Valley. "Our top priority is providing patients with the best possible experience throughout their treatment journey and we do everything within our power to ensure that patients avoid unnecessary complications, recover quickly and resume their normal lives as soon as possible."

OSMS has a postoperative infection rate of 0.15%, which is significantly lower than the national ASC average of 0.85% and the hospital average of 2.5%.

The list of America's Best Ambulatory Surgery Centers recognizes the leading 550 ASCs in the U.S. based on quality of care, performance data and peer recommendations, relative to in-state competition. Newsweek partnered with the respected global research firm Statista for the fourth consecutive year to name America's Best Ambulatory Surgery Centers.

For more information on OSMS, including its nationally recognized Ambulatory Surgery Centers visit osmsgb.com.

Emblem included.
