Consolidated Construction Co. Inc. Named a National, Top-Performing US Construction Company by Associated Builders and Contractors

Appleton, WI May 7, 2024—Consolidated Construction, Co (CCC), headquartered in Appleton, WI, today announced it earned recognition on the Associated Builders and Contractors' [2024 Top Performers list](#), an annual publication that recognizes member contractor members' outstanding achievements in safety, quality, inclusion, project excellence and special designations ranked by number of hours worked.

"This is the second consecutive year Consolidated Construction has been recognized with the ABC Top Performer award, and it's a direct reflection on our 'Quality Experienced' philosophy that we live and execute every day", said CEO John Schneider. "This is our team just being themselves, which is what makes this such a spectacular award in my mind. I can't tell you how proud I am being part of a team that just naturally gives everything, every day to our clients to make sure they experience quality at every step of the design and building process.

As an ABC Top Performer, Consolidated Construction achieved Platinum status in [ABC's STEP Safety Management System](#), which helps the best-performing contractors achieve incident rates nearly seven times safer than the U.S. Bureau of Labor Statistics industry average, according to [ABC's Safety Performance Report](#).

CCC also earned [ABC's Accredited Quality Contractor](#) credential, which recognizes excellence in quality, safety performance, talent management, craft and management education and community relations.

"Consolidated builds many of the community's most enduring, innovative, high-quality construction projects, and its leadership team and employees have thriving, growth-centric mindsets, strategic plans and goals," said Michael Bellaman, President and CEO of ABC. "Business growth is never an accident. It results from a combination of tangibles and intangibles—including a robust culture, innovative tools, a commitment to total human health and a pragmatic appetite for risk. We congratulate Consolidated, an exceptional contractor, for operating successfully in a merit shop environment, attracting, and retaining top construction talent and setting the standard in business growth."

Through credentials like STEP, AQC and other robust programs, Consolidated Construction demonstrates it:

- Sustains and grows its business, financially and economically
- Offers market-competitive compensation, benefit, and retirement packages
- Commits to industry-leading safety
- Commits to workforce development, education and creating career opportunities
- Commits to work environments that are inclusive and diverse
- Develops opportunities for their employees to achieve their career dreams
- Cultivates committed leadership

The ABC Top Performers lists identify the Top 250 Performers, all of which have earned the elite Accredited Quality Contractor credential.
